REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: claim 1 has been amended to properly coincide with the specification with regards to the disks respectively having a wear face having *one of three* different wear portions. Claim 1 has also been amended to clarify that in the case of the second thickness disks, for example, it is the *initial available wear portion* of the second thickness disks that is two thirds of the initial available wear portion on each wear face of the first thickness disks. Similarly, it has been clarified that it is the *initial available wear portion* of the third thickness disks that is one third of the initial available wear portion on each wear face of the first thickness disks. The amendments mimic the claim language set forth in independent claims 11, 13, and 16 that overcomes the ambiguity between the disks of different thicknesses and the available wear portions of different thicknesses. Accordingly, claim 1 is allowable. Claims 2-5 are allowable due to their dependence from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
